

Q3

The Audi Q3

The SUV, streamlined.

Few cars combine the qualities of an SUV and a city car in quite the same way as the Audi Q3. Within the flowing design, featuring strong lines and a wraparound tailgate, you'll find a cabin full of luxurious touches. It means the Audi Q3 isn't only beautiful to look at, it's also a pleasure to drive.

A high-angle photograph of a bright blue Audi Q3 SUV parked on a city street. The car is positioned diagonally, showing its rear and side profile. It features a panoramic sunroof and silver alloy wheels. In the background, a woman in a black coat and hat walks across a crosswalk, carrying a white shopping bag. In the foreground, two men in dark suits are walking towards the right. The street is paved with light-colored bricks, and a white crosswalk is visible. The overall scene is set in an urban environment with a modern, clean aesthetic.

The Exterior

A powerful profile.

Thanks to its distinctive silhouette, the Audi Q3 has all the presence you'd expect of an Audi SUV, incorporating eye-catching design features like the 3D grille and optional LED headlights. With larger air inlets, a striking new bumper design and the option of a panoramic sunroof, it's more attractive than ever.

Performance

Dynamic on every drive.

In the Audi Q3, there's a wide choice of petrol and diesel engines available – including the 1.4 TFSI with cylinder-on-demand, which deactivates cylinders when not needed, to improve fuel economy. Audi Drive Select comes as standard, enabling you to tailor the car to suit you. Where options like quattro all-wheel drive give you enhanced grip, increasing control on every journey you make.

The Interior

Luxury, by Audi.

Step into the Audi Q3's 5-seat interior and you'll discover refined touches throughout, like chrome trims and optional leather upholstery. So that your drive is as comfortable as can be, we've also incorporated front Sport seats and electric lumbar support as standard. As well as being able to relax in the spacious cabin, you'll also have a generous amount of room for luggage, with 420 litres of space in the rear.

Technology

Finely crafted. Finely tuned.

We've developed a range of technologies that will make this car your own. There's technology to explore new routes, like the SD card-based Satellite Navigation system as standard, and technology to explore your favourite music, too, like the optional BOSE® Surround Sound System. And so that you can stay connected when you're on the move, optional Audi Connect Infotainment Services provides you with a link to your surroundings.

Vorsprung durch Technik

Not just a slogan. A philosophy.

Progress. It's behind everything we do at Audi. It's why, in the Audi Q3, we've incorporated new technologies to help you on the road and engines to deliver impressive performance and fuel economy.

The Audi Q3 is the embodiment of our forward-thinking approach.

quattro

Driving confidence, whatever the weather.

Loose gravel. Icy patches. A tight bend in the rain. Conditions on the road are always changing, so quattro changes too. Optionally available, it analyses your grip – automatically distributing power between all four wheels to where it's needed most. It's made for the most challenging conditions of all – the ones you encounter every day. Whatever the road holds, you can be confident that quattro will react.

Sharp. Focused. Unmistakable.

Our striking LED lights come as standard on S line Edition and Black Edition trims. Not only do they have an unmistakable style, they emit a light that's remarkably similar to daylight – resulting in more natural illumination that puts minimal strain on your eyes.

Energy consumption is lower, as LEDs use just a fraction of the power of conventional halogen bulbs. And as they also last longer than our standard lights, the attraction goes far beyond their looks.

LED lights

Audi Connect Infotainment Services

The world at your fingertips.

Audi Connect Infotainment Services is the link between your Audi and the internet, giving you access to entertainment, information and search functions via scrolling, tapping or verbal commands.

With high-speed 3G internet access in your car,* you can call up fuel prices and weather, as well as high-resolution aerial and satellite pictures from Google Earth™.

Audi Connect Infotainment Services is available as a 36-month subscription when ordered with the optional Technology Pack.

Image for illustrative purposes only.
*Please note that an external data source is required to enable Audi Connect Infotainment Services.
Terms and conditions apply. Please see pages 55 and 56 for additional information.

Connect

Infotainment Services

Stay connected on the move.

The following Audi-supported services are currently available:

Infotainment.

Weather information

Gives you the latest weather for today, as well as weekly forecasts and a weather map for your chosen destination.

Online news

Text and images from a variety of news sources with text-to-speech function so you are kept up to date with what's happening in the news.

Mobility and navigation.

Navigation with Google Earth™

Displays high-resolution aerial and satellite images to help guide you to your destination.

Points-of-interest (POI) search with voice control

Allows internet searches via Google for special destinations so that you can access POI information such as opening hours, visitor reviews and photos. Integrated voice recognition, which can be conveniently operated by pushing the button on the multi-function steering wheel, offers even more convenience. You can also access POI information straight from your smartphone with the Audi MMI app.

Destination entry via Google Maps™*

Using your smartphone or tablet and myAudi, you can conveniently plan your journey using Google Maps™ and send the destination details to your car's navigation system.

Travel information

With Travel information you can find out what's happening nearby and at your destination. The online search engine provides detailed information such as sights, restaurants, shops, etc. which can be loaded directly into your navigation destination. You can also access travel information from your smartphone with the Audi MMI app.

Parking information

Helps you find car parks nearby and, where available, information on prices and currently vacant spaces.

City events

The City events function provides information about current events and places of interest at your location or travel destination.

Fuel prices

Information on filling stations with the cheapest prices in your selected search area. You can sort by price or by distance for your convenience, and can load destinations directly into your navigation system.

Traffic information online

Receive the latest information about your route, such as traffic congestion and roadwork updates. The traffic information data is continuously updated and displayed in colour on the navigation map, and the dynamic route guidance will keep you updated.

The content and scope of the Connect Services offered may vary from time to time. Features vary by model and Audi AG may add, change, replace or remove individual services or features at any time during your subscription for the Connect Services. Terms and conditions apply. Please see pages 55 and 56 for additional information.
*In order to enjoy these services, customers must register, accept the terms and conditions and follow the activation steps instructed on myAudi.

All the help you need.

Imagine an extra pair of eyes, watching for traffic as you pull away, or looking over your shoulder as you reverse. Our driver assistance systems monitor the road around you, making your journeys both easier and safer. Some may come as standard, while others shown on the next page are available as options.

Vehicle driver assistance and safety systems are not a substitute for attentive driving. Drivers retain full responsibility for providing the necessary inputs for safe control of the vehicle. System descriptions within this brochure are provided for information purposes only. System limitations and operational requirements apply. See manual for details. Some technologies only work within a certain speed range. Please see the manual or download the pricelist from www.audi.co.uk/pricelist for more information.

Technology to help you on the road.

Below is a selection of the optional technologies available. Many have been packaged together and can be found in our optional driver assistance systems. Some, however, can be ordered individually. For more information, please download the pricelist from www.audi.co.uk/pricelist

Parking aids.

Audi Parking System Advanced with rear reversing camera

Aids parking by acoustically and visually indicating distances to obstacles with guiding lines. Measured by sensors and a rear reversing camera

Audi Parking System Advanced with rear reversing camera and Park Assist

Also searches for and aids parking by indicating distances to obstacles, measured by ultrasonic sensors and a rear reversing camera. System automatically calculates and performs both parallel and perpendicular parking, as well as manoeuvring out of spaces – the driver only needs to accelerate and apply the brakes

Driver aids.

Audi Active Lane Assist

An advanced Audi safety system which helps to keep you in lane using gentle steering intervention when lane boundary markings are detected. There's also an option that vibrates the steering wheel to alert you that you've drifted out of your lane

Audi Side Assist

This assistance system for multi-lane roads helps alert you to other vehicles in your blind spot when changing lanes. Using radar sensors discreetly hidden in the rear bumper, other vehicles are detected and the driver alerted with a visual warning signal in the door mirror

Speed limit display

Camera-based detection and display of speed limits, including temporary speed limit displays. Speed limit signs are recognised by the camera and this enables the current speed limit to be read conveniently in the Driver's Information System. Should the camera not detect a sign, the speed limit from the navigation system data will be shown

Build your **Audi**

**Express your individuality
with a choice of standard
and optional features.**

The following sections of this guide are designed to make it easy for you to understand the specification of your Audi Q3 and select the options you want. So with just a few choices, you can begin to create the Audi you've always imagined. However, if you want more details, please download the relevant pricelist from www.audi.co.uk/pricelist

^Available on stock vehicles only.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate. Visit your local Audi Centre for a more accurate colour swatch. Options are subject to availability and may extend time taken for delivery.

Audi exclusive paint

Make your Audi Q3 truly unique.

Everyone has a favourite colour. No matter what yours is, Audi exclusive provides a range of unique colours that have been designed to set your car apart. There are over 50 exclusive paints* to choose from, a selection of which you can see below, or specify any other paint colour in the Audi range. You can also order customised paint+ – if you have a particular colour in mind, we'll mix the exact metallic or pearl-effect shade you want.

*Audi exclusive paint is subject to factory approval. Visit your local Audi Centre for colour samples.
+Customised paint is subject to factory approval, and is available for metallic and pearl-effect water-based paints only. Three-colour process colours and two-tone schemes are not available.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. Your design

Style your Audi Q3 with a
choice of alloy wheels.

Whatever your taste, there's a set of alloy wheels that will enhance the look of your Audi Q3. This is just a selection – discover more online using the Audi configurator or by exploring the full pricelist.

Wheels shown may not be available on all trims. Please note that the size of your chosen Audi Q3 wheel may affect the fuel consumption figures and the CO₂ emissions. This may result in a change in subsequent Vehicle Excise Duty payable. For details, please download the pricelist from www.audi.co.uk/pricelist. Options are subject to availability and may extend time taken for delivery.

Your upholstery

Sporty or luxurious, you'll find the style and colour of upholstery that fits you perfectly.

There's a range of distinctive upholstery choices for your Audi Q3. You can choose materials from stylish cloth to Fine Nappa leather in a number of different colour options. Visit the Audi configurator or browse the pricelist to tailor your Audi Q3's seating to suit you perfectly.

Main image shows front Sport seats with S line embossed logo in Fine Nappa leather upholstery. Upholsteries shown below may not be available on all trims. For details, please download the pricelist from www.audi.co.uk/pricelist. Options are subject to availability and may extend time taken for delivery.
