

TUCSON

Step in, Stand out.

The all-new TUCSON signals the start of a new day, and a new way of driving. Rejecting the ordinary, the all-new TUCSON pushes the boundaries of the segment to reinvent just about everything. Outside, TUCSON is designed to impress while inside, you'll discover a level of roominess, comfort and versatility that exceeds all expectations.

Step in, Stand out.

The all-new TUCSON signals the start of a new day, and a new way of driving. Rejecting the ordinary, the all-new TUCSON pushes the boundaries of the segment to reinvent just about everything. Outside, TUCSON is designed to impress while inside, you'll discover a level of roominess, comfort and versatility that exceeds all expectations.

Design that's thrilling and timeless.

With its 3D parametric-style grille and jewel-like surfaces, TUCSON is for trendsetters with a taste for futuristic design. Adopting a daring new design language we call Sensuous Sportiness and created with cutting-edge digital design tools, TUCSON stands out with its concealed daytime running lights, angulated wheel arches, and contrast side cladding.

Experience that open feeling.

A feeling of openness welcomes you the moment you step into TUCSON's cabin. The open-type cluster is a major innovation in design that establishes a premium, high-tech atmosphere that makes you feel safe, relaxed, and confident. Hidden out of sight, the innovative multi-air mode system diffuses cold or warm air gently and indirectly so it's not as harsh on your skin.

Live for the moment.

Whether it's a solo adventure or a long weekend excursion with the entire family, TUCSON offers you exceptional versatility like the rear seat folding feature that provides 1,682 litres of flat storage space. The passenger space is equally accommodating with abundant amounts of room to keep everyone seated comfortably.

Your digital journey starts here.

Whatever the journey, time seems to fly by when you have a reliable travel companion along for the ride like TUCSON's 10.25-in infotainment system and the premium speakers from Bose. The touchscreen is easy to operate and synchs effortlessly with your smartphone to provide you with endless entertainment and information while on the road. And with Smart Cruise Control, highway driving is a lot more convenient.

Bose premium audio

Smart Cruise Control

You set the tempo.

Press the accelerator pedal and your pulse rate quickens as TUCSON responds with a surge of smooth, quiet power made possible by Smartstream, Hyundai's latest engine technology. You have a choice of three types of engines and for a nice high tech touch, push button gear selection is now a standard feature across the entire model range.

Smartstream engines

Gasoline 2.0	Gasoline 1.6T-GDi	Gasoline 2.5
156	180	190
Maximum Power ps/6,200 rpm	Maximum Power ps/5,500 rpm	Maximum Power ps/6,100 rpm
19.6	27.0	24.7
Maximum Torque kg-m/4,500 rpm	Maximum Torque kg-m/1,500-4,500 rpm	Maximum Torque kg-m/4,000 rpm

Ready for anything.

TUCSON has serious SUV credentials, starting with HTRAC, an all-wheel drive system that gives you the confidence to tackle the most challenging driving conditions.

HTRAC All-Wheel Drive

When the weather takes a turn for the worse, HTRAC keeps you moving. The heart of this all-wheel drive system is an advanced electronic controller that continuously analyzes your speed and road conditions. It automatically optimizes torque distribution among the four wheels and will apply the brakes, if necessary, to ensure maximum traction and directional stability when the going gets rough.

Drive Mode

With Drive mode, you get to pick the style suits you best: NORMAL is for relaxed everyday driving while ECO gives you optimal fuel efficiency. SPORT is for quicker acceleration, and SMART automatically adjusts gear shift intervals based on an analysis of your recent driving patterns.

Hyundai SmartSense

Forward Collision-Avoidance Assist (FCA, Junction Turning)

FCA capabilities have been expanded to include Junction Turning function. While driving if there is a risk of collision with an oncoming vehicle while turning left at an intersection, the function automatically assists with emergency braking.

Blind-Spot Collision-Avoidance Assist (BCA)

BCA uses rear corner radar to monitor both of your blind spots. If a vehicle is detected in the blind spot while the turn signal is flashing, BCA will automatically apply differential braking during your attempted lane change thus helping you avoid an unsafe lane change and a potential collision.

Blind-Spot View Monitor (BVM)

When the turn signals are activated, the rear-side image of the corresponding direction is displayed in the cluster.

Lane Following Assist (LFA)

LFA keep you centered within the lane using its front view camera to monitor lane markers.

Smart Cruise Control (SCC)

SCC maintains the set speed while keeping a set distance away from the vehicle ahead without ever requiring any additional inputs from the driver.

Rear Cross-Traffic Collision-Avoidance Assist (RCCA)

When backing out, RCCA warns the driver to the approach of a vehicle crossing his rearward path; if necessary, the emergency braking is automatically applied to avoid a collision.

Forward/Reverse Parking Distance Warning (PDW)

If your car is too close with obstacle, PDW warns you by using ultrasonic sensors in the front and rear bumpers. So you can avoid scratches and park safely.

Drive the game-changer.

Whatever the challenge each new day brings, you will be ready to face them confidently when you're driving a game-changer like the all-new TUCSON. You get solid engineering, an iconic style and high-technology features that are highly engaging and that make your day a whole lot easier.
